

# African Keyhole Garden

Team Leader: Daniel

<http://overgrowthsystem.com/gardening-in-africa-how-to-make-a-keyhole-garden-lesotho-style/>

## Steps

1. Dig out soil to create a deeper hole
2. Measure out a 2 m diameter circle
3. Add in key hole to access
4. Build dry stone wall
5. Make circle of wire and peg in place with 4 stakes in centre of keyhole
6. Line with grasses
7. Add base layers of branches and twigs, horse manure, cardboard, coffee grounds, mulch
8. Water in well
9. Mix excavated soil with mushroom compost, rock minerals and clay add to top of bed
10. Mulch top with autumn leaves
11. Plant seeds
